Prince Hohenlohe Dead.

Former German Imperial Chancellor Passed Away Last Evening.
(Associated Press.)
Berlin, July 6.—Prince von Hohenlohe, formerly German Imperial chancellor, died at Ragatz, Switzerland, last evening.

Prince von Hohenlohe's death was generally unexpected here, as he left Berlin weeks ago apparently in good health, although his increasing weakness was evident. The Prince arrived at Ragatz extremely exhausted. His death is attributed to the weakness of old age. The arrangements for the transportation of the body to Germany and for the obsequies are not yet definitely determined; but it is expected that the remains will be conveyed to the Hohenlohe ancestral home, at Schillingen-Furst, Bavaria, where the family vault is situated, and where the body of Prince von Hohenlohe's wife is interred. It is reported Chancellor von Buelow will break his seaside rest and attend the funeral.

Although Emperor William has fixed his departure on his trip to Norway for Monday next, it is deemed likely that His Majesty will once more postpone the date of his starting in order to enable him to attend the obsequies. Owing to Emperor William's relationship to Prince von Hohenlohe His Majesty always called the Prince "Uncle Chlodwig."

CAPTURED BY CAVALRY.

Large Number of Filipinos Lay Down Their Arms.
(Associated Press.)
Manila, July 6.—The forces of the insurgent leader Bellarmino, which have recently been operating around Donsol, province of Sorsogon, were driven across the mountains by the Second Infantry and finally captured by the cavalry. Bellarmino, with one thousand men and 214 guns, surrendered to Col. Wint at Albay, capital of the province of that name. One hundred more rifles will be surrendered to-morrow.

PASSENGERS INJURED.

Open Switch Caused Collision But Damage Was Not Serious.
(Associated Press.)
Mount Pleasant, Pa., July 6.—The Baltimore & Ohio accommodation train from Conowingo, Pa., crashed into an engine on a siding near here last night and was wrecked. Many passengers were more or less injured, but none of them fatally. The accident was caused by an open switch. The cars did not leave the track and were not badly damaged.

RUSSIAN TRAIN IN COLLISION.

(Associated Press.)
Cincinnati, Ohio, July 6.—Bernum & Bailey's circus train has been in collision at Rowthen, Upper Silesia. One person was killed and several were injured. Great damage was done to the material of the show.

TOUCHED LIVE WIRE.

(Associated Press.)
Syracuse, N. Y., July 6.—Clarence Sixbury, hotel employee, 28 years old, came in contact with a live wire in the Mansion House cellar this morning and was instantly killed.

Mr. Kruger is Being Urged to Authorize the Arming of Privateers

If the Powers Do Not Intervene in the War in South Africa.

Promoters Declare They Will Act Even Should ex President Refuse Permission.

(Associated Press.)
Brussels, July 6.—The Petit Bleu says that Mr. Kruger has lately refused to entertain proposals to arm privateers, but that the promoters are again urging the former president of the South African Republic to notify the powers that unless they intervene he will issue letters of marque.

In the event of Mr. Kruger's continued refusal, the promoters propose to act without authorization. Not Treated Seriously.
Washington, July 6.—The report from Brussels that former President Kruger is being urged to notify the powers that unless they intervene in South Africa the self-commissioned privateers is not treated seriously here. It is well understood, as one outcome of the war with Spain, that the United States government will never again, except in the most extraordinary emergency, issue letters of marque, and the reasons that impel the government to this course undoubtedly would be to prevent the United States government from recognizing any such warrants issued by any other nation, even were that nation in full standing.

The threat to send out privateers without President Kruger's consent is idle. It is pointed out here that such craft would be pirates, pure and simple, and the civilized world would combine to sweep them from the sea if they should begin operations against the commerce of any nation.

Mrs. Ronalds Honored.
London, July 6.—Mrs. Ronalds, one of the American ladies who raised the fund with which the hospital ship Maine was bought and equipped for the use of the British in the Boer war, has been gazetted as an honorary lady of grace of the order of St. John of Jerusalem.

Will Not Visit States.
The Hague, July 6.—Mr. Kruger has definitely abandoned his American visit on account of travelling fatigue, as well as the clearly expressed attitude of strict neutrality of the United States government.

QUESTION OF TARIFF.

Russia Will Remove Duties on United States Imports If Gage's Order Is Repealed.
(Associated Press.)
New York, July 6.—The Washington correspondent of the Herald says that notwithstanding the official secrecy surrounding the recent Russian communication replying to the note addressed by Secretary Hay to Count Cassini, regarding the tariff question, it is learned that Russia has intimated her willingness to remove the retaliatory duties she has applied upon American imports, provided the United States repeals the order issued by Secretary Gage imposing the countervailing duty upon Russian sugar. It is plain that Russia regards "the sugar question" as the crux of the whole controversy.

HEAT WAVE CONTINUES.

Three Deaths and Eight Prostrations Reported From Washington.
(Associated Press.)
Washington, July 6.—The official thermometer indicated a temperature of 80 degrees for Washington. This was about 4 degrees higher than it was at the same hour yesterday. By 10 o'clock it had risen to 90 degrees. Three deaths and eight prostrations from heat have been reported during the past 24 hours.

WARMER THAN YESTERDAY.

Philadelphia, Pa., July 6.—Although the oppressive heat continues to-day, at 11 o'clock only one death and half a dozen prostrations were reported, a large decrease from yesterday at the same hour.

At 11 o'clock the mercury had jumped to 90, three degrees hotter than yesterday. The humidity registered 55 per cent.

ANNUAL CONVENTION.

Members of the Christian Endeavor Society Meet at Cincinnati.
(Associated Press.)
Cincinnati, Ohio, July 6.—With the largest attendance on record, the 20th international convention of the Christian Endeavor Society began here to-day. Addresses of welcome were followed by the annual report of the officers and business agents. This evening the regulation welcoming addresses will be heard at the auditorium. President Clarke will deliver his annual address and Secretary Baer will deliver his report of the society's progress during the past year.

YACHT RACE.

Constitution, Columbia and Independence Have a Poor Wind.
(Associated Press.)
Bateman's Point, N. J., July 6.—The Yachts Constitution, Columbia and Independence started in a thirty mile race under the auspices of the New York Racing Association to-day. The yachts crossed the starting line as follows: Official time, Constitution, 12:10:02; Columbia, 12:10:05; Independence, 12:12:15. Independence is handicapped 15 seconds.

Wind Falls.
Bateman's Point July 6.—2:38 p. m.—The haze has again lifted and two of the yachts, apparently the Constitution and Columbia, can be seen standing along the starboard tack. The leading boat looks like the Constitution, and from here seems to have a head little less than a mile.

The wind has fallen to about 5 or 4 knots an hour, and if so, it is not expected the race will be finished within the time limit.

CHAMPIONSHIP GAMES.

Results of Amateur Events at Huddersfield, England.

(Associated Press.)
Huddersfield, Eng., July 6.—A great crowd witnessed the amateur championship games here this afternoon.

The first event, putting the weight, fell to C. W. T. Coe, of the University of Pennsylvania, with a put of 45 feet 5 inches. Jovick, of Pecknondwick, Eng., was second.

In the preliminary heats of the 100 yards dash, A. F. Duffy, of Georgetown University, won his heat, Time, 10 1/5. The final heat was won easily by Duffy by three yards.

The hurdles proved another safe thing. Kraenzlein led all the way, and was won by 4 1/2 yards in time equalling his own record.

In the long jump Kraenzlein, who had injured himself while competing in the hurdles, did not take part and O'Connor, of Waterford, had a walk over. He accomplished 23 feet 8 1/2 inches, which is the record for these championships.

In the preliminary heats of the quarter-mile run, Maxwell Long, of the New York A. C., won the first heat in 57 2/5 seconds.

In the final heat of the quarter-mile run, Waterford, of the University A. C., won by two yards. Time, 49 4/5. The high jump was won by Irving K. Baxter, of the University of Pennsylvania, with a jump of 6 feet 1 inch. O'Connor was second, scoring 5 feet 9 inches.

Canada and Old Country

Question of an Imperial Court of Appeals Not Yet Settled.

Dominion Ministers Will Leave London For Home at Beginning of August.

(Associated Press.)
New York, July 6.—The Canadian ministers who are in England will probably leave for home about the first of August, says the Tribune's London correspondent.

They do not look for a practical solution of the question of an imperial court of appeals at once, but consider that a conference is helpful in creating an atmosphere for imperial federation. They assert that Canada is satisfied with the existing arrangements and not in haste to modify them, hence that any proposals for creating an imperial court of appeals will need to be acted upon with deliberation.

The ministers make up a strong delegation and their representations in London has strengthened the good relations between Canada and the Mother Country.

HEAT WAVE CONTINUES.

Three Deaths and Eight Prostrations Reported From Washington.
(Associated Press.)
Washington, July 6.—The official thermometer indicated a temperature of 80 degrees for Washington. This was about 4 degrees higher than it was at the same hour yesterday. By 10 o'clock it had risen to 90 degrees. Three deaths and eight prostrations from heat have been reported during the past 24 hours.

WARMER THAN YESTERDAY.

Philadelphia, Pa., July 6.—Although the oppressive heat continues to-day, at 11 o'clock only one death and half a dozen prostrations were reported, a large decrease from yesterday at the same hour.

At 11 o'clock the mercury had jumped to 90, three degrees hotter than yesterday. The humidity registered 55 per cent.

ANOTHER TERM.

Davis Will Have a Prolonged Experience in the Local Jail.

In the police court this morning Jos. Davies was sentenced to three months imprisonment for stealing a brooch from Challoner & Mitchell's. He was sentenced to four months' hard labor some time ago for the theft of a gold chain from Wenger's and a locket from Redfern's during the Queen's Birthday celebration. His explanation was that he was under the influence of opium, and that wrong-doing was a new experience with him. This morning, however, the chief proved otherwise. He read the record of the man as communicated by Captain Seymour, of Frisco's detective force. It was in brief, that Davis, alias Gus Levy, alias Morris, was arrested on July 17th, 1890, for sneaking chief wags. He was then photographed. He was also arrested as Gus Golden on May 14th, 1901, for a similar offence, while in 1901 he was gathered in at San Jose, California, during the President's visit to that place. Captain Seymour writes that Levy or Davis is a most notorious pick-pocket, and is well known in the East.

Davis listened to this appalling record with changing countenance, but received his sentence with the stoicism of an habitual criminal.

The case of Arthur Claine, charged with vagrancy, was not called. Claine has not yet left the city, and will probably not get another chance.

Yesterday a number of sailors were charged with refusing to pay their revenue tax. In two instances the amount was paid, and the charges withdrawn. The others were allowed a week in which to pay.

Splendid Showing

Statement of Receipts and Payments During Fiscal Year Issued To-Day.

Finance Minister's Estimated Surplus Will in All Probability Be Surpassed.

There Was an Improvement in Every Revenue Producing Branch of Service.

(Special to the Times.)
Ottawa, July 6.—The financial statement of the Dominion for the fiscal year, up to close of June, is published in to-day's Canada Gazette. It represents, however, only the receipts and payments up to the end of last month. The minister's estimate last session was a surplus of \$6,550,000, but it is probable that the actual will be even a little better than this.

To-day's statement shows the receipts for the year of \$50,735,947, and an expenditure of \$38,574,508, with a capital account outlay of \$9,556,169.

The revenue for June alone was \$4,101,063, as against \$3,422,472 last year, and the expenditure \$2,948,200 as against \$2,250,819.

Every revenue producing branch of the service shows a slight improvement over last year.

CAUGHT IN FOG.
Many Vessels Are Waiting an Opportunity to Make New York Harbor.
(Associated Press.)
New York, July 6.—The reports received this morning from the Highlands, Sandy Hook and quarantine are that the fog is so dense that no vessels can be seen from those stations. Among the steamships due to arrive to-day, and which are no doubt at anchor outside of the bar waiting for the fog to lift, are the St. Paul from Southampton and Cherbourg, the Campania from Liverpool, the steamer Victoria from Naples, the Peninsular from Lisbon and several coasters from southern ports.

MEETING TO-DAY.
Fishermen's Grand Lodge Will Discuss Canvassers' Latest Proposal.
(Special to the Times.)
New Westminster, July 6.—The strike of fishermen on the Fraser river is still unsettled, although hopes of an agreement are held out as a result of a meeting of the Fishermen's Grand Lodge in New Westminster this afternoon to consider the canvassers' latest offer made yesterday on the sliding scale, but the prices offered are higher than the previous ones.

The president of the New Westminster Fishermen's Union stated to a Times correspondent to-day that he did not expect the offer would be accepted. If such is the case, trouble is expected on the river to-morrow night, when some of the Japanese, who intend going out, start to fish.

CALIFORNIAN TRAGEDY.
Man Murdered His Wife, Set House on Fire and Then Killed Himself.
(Associated Press.)
Riverside, Cal., July 6.—At a ranch, five miles from Elmore, Peter Tolman and his wife have been found dead. Apparently Tolman had set his wife's throat and crushed her skull. The body had been dragged to a ditch and the ranch house set on fire.

Tolman, it appears, tried twice to cut his own throat. Falling, he lay down on the ground, put his face in a shallow water trough and died.

ANOTHER TERM.
Davis Will Have a Prolonged Experience in the Local Jail.

In the police court this morning Jos. Davies was sentenced to three months imprisonment for stealing a brooch from Challoner & Mitchell's. He was sentenced to four months' hard labor some time ago for the theft of a gold chain from Wenger's and a locket from Redfern's during the Queen's Birthday celebration. His explanation was that he was under the influence of opium, and that wrong-doing was a new experience with him. This morning, however, the chief proved otherwise. He read the record of the man as communicated by Captain Seymour, of Frisco's detective force. It was in brief, that Davis, alias Gus Levy, alias Morris, was arrested on July 17th, 1890, for sneaking chief wags. He was then photographed. He was also arrested as Gus Golden on May 14th, 1901, for a similar offence, while in 1901 he was gathered in at San Jose, California, during the President's visit to that place. Captain Seymour writes that Levy or Davis is a most notorious pick-pocket, and is well known in the East.

Davis listened to this appalling record with changing countenance, but received his sentence with the stoicism of an habitual criminal.

The case of Arthur Claine, charged with vagrancy, was not called. Claine has not yet left the city, and will probably not get another chance.

Yesterday a number of sailors were charged with refusing to pay their revenue tax. In two instances the amount was paid, and the charges withdrawn. The others were allowed a week in which to pay.

Campbell's Prescription Store

We keep the largest stock of Drugs and Toilet Articles in the province. Prescriptions promptly and carefully executed.

Increasing The Navy

The Admiralty Programme For Year Includes Building of Three Battleships.

Two of Them Will Be Called Dominion and Commonwealth - New Cruisers.

London, July 5.—Arnold Foster, the secretary of the Admiralty, in the House of Commons to-day announced that the year's shipbuilding programme includes three battleships of a new improved class, six cruisers, of the Monmouth class, and ten improved torpedo boat destroyers.

The battleships will be of 16,000 tons and twenty feet longer than those of the Formidable class. Their indicated horsepower will be 18,000, and their speed 18 1/2 knots. The armor of the new battleships will be a belt eight to nine inches thick. A feature of the new ships will be six-inch guns, not mounted in separate casemates, but closed in a battery with seven-inch armor.

The cruisers will be of 4,000 tons and will have a speed of 18 knots. Their armament will be heavier than the Monmouth. It is believed that the cruisers which are about to be laid down will be equal to anything likely to be brought against them.

The new torpedo boat destroyers will be of stronger construction. In regard to hospital ships, the secretary of the Admiralty said Great Britain now had in the Mediterranean, through the generosity of an American citizen, Bernard Baker, president of the Atlantic Transport line, the well equipped Maine.

All these new ships will be fitted with wireless telegraphy, as will all the other ships as they come in for repairs. "Efforts are being made to overcome the arrears in shipbuilding, and," the secretary added, "the government is now able to supply guns as they are needed."

The secretary to the Admiralty also said there was an absolute determination upon the part of the Admiralty to find the best type of boiler, and the government was watching with interest a trial and water tube boilers in the same ship.

Vessels Sailing Completion. London, July 5.—In the House of Lords to-day the Earl of Selborne, first lord of the Admiralty, in a statement on the present naval position of Great Britain, said that the remainder of the year 1901 would witness the completion of three armored cruisers of the Crossley class, four first-class, one armored cruiser of the Monmouth class, and three armored cruisers of the Drake class.

ed up and angrily exclaimed that Mr. Balfour might call him what he liked, but he had no right to use a term intended to be offensive. Mr. Balfour thereupon said he would willingly withdraw the term "pro-Boer" if it were offensive.

Continuing his speech, he declared that it was not Europe or the United States who encouraged the Boers to resist, but that the chief encouragement was contributed by the speeches of the members of the opposition in the House of Commons.

The debate was adjourned. C. P. R. STRIKE. Conflicting Reports Regarding the Present Situation on the Road.

Montreal, July 5.—Reports received at the local C. P. R. offices this morning would indicate that the trackmen's strike is gradually drawing to a close. General Manager McNicoll stated he had received word from General Supt. Timmerman at Toronto to the effect that only seven gangs were still out in Ontario west and north of Toronto, and of these he had promised to return to work this morning.

AN M. P.'S DEATH. J. W. Fell, Representative of Addington, Died Yesterday.

Resolution of Sympathy. Ottawa, Ont., July 5.—At the meeting to-night of the Royal Black Preceptory a resolution was passed expressive of sorrow at the death of John W. Bell, M. P., Addington, and R. W. Broderick, John Carleton was delegated to represent the Preceptory at the funeral.

DEATHS CAUSED BY HEAT. Philadelphia, Pa., July 5.—Up to 2 o'clock this afternoon nine deaths and twelve serious cases of heat stroke were reported. At that hour the official thermometer registered 91, five degrees higher than at the same hour yesterday.

EXECUTED FOR MURDER. Chicago, Ill., July 5.—At Vernon, 16 miles from here, this morning four negroes, P. Leon Hamilton, John Simmons, Jim Harrison and Will Williams, were hanged for murder. Williams, Harrison and Hamilton had been convicted of murdering a helpless negro and Simmons for murdering his wife.

Horse Sense. "Any fool can take a horse to water, but it takes a wise man to make him drink," says the proverb. The horse eats when hungry and drinks when thirsty. A man eats and drinks by the clock, but a horse without regard to the needs of nature.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It cures through the stomach diseases of other organs which have their origin in a diseased condition of the stomach and allied organs of digestion and nutrition. It strengthens the stomach, purifies the blood, cures obstinate cough and heals weak lungs.

BRIDGES DESTROYED. Cloud Bursts in Montana and Michigan Railway Traffic Interrupted.

Helena, Mont., July 5.—Traffic on the Northern Pacific railway has been stopped, and probably will not be resumed until the 24 hours owing to the cloud burst between Miles city and Williams last night. Five bridges and several dikes were destroyed and 1,000 men are engaged in repairing the damage. All trains are held at Dickinson on the east and Miles city on the west.

Damage in Michigan. Grand Rapids, Mich., July 5.—Western Michigan was visited by a disastrous cloud burst early to-day and the resultant damage will amount to thousands of dollars. Both the Pere Marquette and Grand Rapids & Indiana railroads are crippled north of here and all north-bound passenger train are obliged to make long detours, while freight traffic is paralyzed.

ENORMOUS DEFICIT. Leipzig, July 5.—It is reported that an examination of the accounts of the Cassel Treber Tocknung Grain Drying Co., which closed yesterday, discloses a deficit of 14,500,000 marks. There are serious rumors that securities were pledged and that the directors owe a large debt to the company.

RUSSIA AND STATES. Washington, July 5.—Mr. de Wollant, the charge of the Russian embassy here, to-day called at the state department in behalf of his government and formally acknowledged the receipt of Secretary Hay's note respecting the imposition of Russian retaliatory tariff duties.

A STATE OF SIEGE. New York, July 5.—The Western Telegraph Company is advised that the Argentine congress has declared Buenos Ayres in a state of siege for six months, and has established censorship on all messages thereto.

DETERMINED SUICIDE. Syracuse, N. Y., July 5.—The body of Aniel T. Becker, engineer, 55 years of age, was found this morning in his room. He had saturated a handkerchief with kerosene, placed it over his head, and kindled the handkerchief, and inhaled the deadly fumes.

TELEGRAPHIC TICS. "Dr. Leyds," says a Brussels correspondent of the London Morning Post, "has addressed to the continental powers and the United States a protest against Great Britain's barbarous treatment of the Boer prisoners of war. It is such that Holland will support the protest."

TELEGRAPHIC TICS. "Dr. Leyds," says a Brussels correspondent of the London Morning Post, "has addressed to the continental powers and the United States a protest against Great Britain's barbarous treatment of the Boer prisoners of war. It is such that Holland will support the protest."

DREADEFUL MISTAKE BARELY AVERTED. Thomas Harrison, of S. Mary's, N. B., Might Have Been Operated On For Appendicitis.

His Case Was Wrongly Diagnosed - He Realized the Fact in Time - Dodd's Kidney Pills Probably Saved His Life.

St. Mary's, N. B., July 5.—(Special.)—Thomas Harrison, of this place, considering himself a fortunate man that he is alive and well to-day. For months he was suffering as everybody thought, with appendicitis. That's what he was told and that's what he was being treated for.

No. 4.—Victoria Corporation Match. 500 and 600 yards, 7 shots at each range. Entrance fee, 70 cents, including sighting shots.—1st prize, cup and \$8; 2nd prize, \$7; 3rd prize, \$6; 4th prize, \$5; three prizes of \$4; four prizes of \$3; six prizes of \$2.50; five prizes of \$2; ten prizes of \$1, restricted to tyros.

Prize List Published

For Annual Meet of the Provincial Rifle Association, Commencing July 25th.

Splendid Array of Premiums and Trophies—Exciting Competitions Anticipated.

The prize list of the twenty-eighth annual meeting of the British Columbia Rifle Association, which will be held this year at Clover Point range, commencing Thursday, July 25th, has just been published.

The prize list of the twenty-eighth annual meeting of the British Columbia Rifle Association, which will be held this year at Clover Point range, commencing Thursday, July 25th, has just been published.

Patron—His Honor the Lieutenant-Governor of the province, the Mayor of Vancouver, the Mayor of New Westminster, and the Mayor of Nanaimo.

No. 6.—Electric Railway Cup. (Presented by the British Columbia Electric Railway Co. in 1898. To be won twice in three successive competitions to become permanent property.) Winner in 1899, New Westminster; in 1900, Vancouver. Open to teams of ten previously named members, each representing any one of the cities of British Columbia, the aggregate of whose scores in match No. 5 (Helmcken) shall be the highest. Entrance fee, \$2.50.—1st prize, the cup and \$10; 2nd prize, \$5.

No. 7.—Vancouver Corporation Match. 800 yards; 10 shots. Entrance fee, 60 cents, including sighting shot.—1st prize, cup and \$8; 2nd prize, \$7; 3rd prize, \$6; 4th prize, \$5; two prizes of \$4, six prizes of \$3, four prizes of \$2.50, seven prizes of \$2, five prizes of \$2, restricted to tyros; ten prizes of \$1, restricted to tyros.

counts, including sighting shot.—1st prize, cup and \$8; 2nd prize, \$7; 3rd prize, \$6; 4th prize, \$5; two prizes of \$4, four prizes of \$3, six prizes of \$2.50, six prizes of \$2, five prizes of \$2 (restricted to tyros), ten prizes of \$1 (restricted to tyros).

The cup, presented by the corporation of Vancouver in 1896, to become the property of any competitor winning it twice. Winners: 1896, W. H. Wall; 1897, Gunner Gen. Turnbull; 1898, Gunner R. Wilson; 1899, Gunner W. Miller; 1900, Lance-Corpl. S. Peck.

No. 8.—Vancouver Bankers' Match. \$50 donated by the bankers of Vancouver, with \$50 added by the association. 200, 500 and 600 yards; 7 shots at each range. Open to all comers. Entrance fee, \$1, including sighting shots.—1st prize, \$8; 2nd prize, \$7; two prizes of \$6, three prizes of \$5, four prizes of \$4, six prizes of \$3, seven prizes of \$2, five prizes of \$2 (restricted to tyros), ten prizes of \$1 (restricted to tyros).

No. 9.—Grand Aggregate. Entrance fee for the whole series, including grand, militia and tyro, \$1. No. 9.—Grand Aggregate. Entrance fee for the whole series, including grand, militia and tyro, \$1.

No. 10.—Militia Aggregate. For the aggregate of scores of 500 and 600 yards ranges of matches included in the grand aggregate, restricted to "efficient" members of the active militia of No. 11 district.—1st prize, D. R. A. silver medal and \$5; 2nd prize, D. R. A. bronze medal and \$4; 3rd prize, \$3; three prizes of \$2, three prizes of \$1.

No. 11.—Tyro Aggregate. Restricted to competitors entered in the tyro match for the aggregate of scores of matches Nos. 1, 2, 3, 4, 5, 7 and 8.—1st prize, \$4; four prizes of \$3, six prizes of \$2, seven prizes of \$1.

No. 12.—Laurie Bugle Match. Open to one team of ten "efficient" men from each regiment of the active militia of No. 11 district. For the aggregate of scores in matches included in the grand aggregate. Entrance fee, per team, \$2.50. Entrance must be made before the commencement of firing in match No. 5.

No. 13.—Ottawa Team. Restricted to the thirty-five competitors being eligible for the Ottawa team, whose scores in the grand aggregate match shall be the highest; 800 and 900 yards, 10 shots. Entrance fee, \$1, including sighting shots.

Arrangements will be made, if possible, for extra series firing and for pool shooting as an occasion offers throughout the meeting.

Membership.—All competitors included in the grand aggregate, except bankers, No. 7 (which is open to all comers), are restricted to members of the British Columbia Rifle Association, who have paid the association dues of \$2 for 1901, with the exception that the competitors from the navy and H. M. other Imperial forces may enter without payment of membership fee. Extra series matches and pool shooting are open to all comers.

Ordnance.—The field of vision must not be limited except by the orthoptic. Opaque goggles, or side flaps will not be allowed. The eye not used in aiming must not be artificially obscured, unless with a glass which must not be darker than a medium tint (about that known to opticians as No. 6).

The annual general meeting of the members of the Association will be held on the second day of the prize meeting, at 8 p.m., at the drill hall, Victoria. A meeting of the council for such business as may come in, will be held on the first day of the prize meeting.

The strike of the Ottawa wood workers has fallen through and the men have gone back to work on the 10-hour system and former rates of wages.

Malt Breakfast Food

Will Make You Healthy, hearty and Contented During the Hot Weather.

Those who use Malt Breakfast Food every morning in the hot summer months are blessed with perfect digestion, full physical energy and excellent health. The scientific combination of pure Malt with the choicest Wheat produces a health food that is a boon to the strong and weak. Malt Breakfast Food is keeping tens of thousands of men and women well and strong. Ask your Grocer for it.

There is serious talk at Athens of diving operations in the Sea of Salamina with the object of searching for remains of the great Persian fleet destroyed by Themistocles. It is proposed to employ the same divers who discovered the treasure-trove in the Sea of Cerigo. The results of this search should be very interesting to archaeologists.

THE MEN WHO HAVE NOT RETURNED
 An Elegy.
 We mourn the brave who sleep their long last sleep,
 Far from their home, on Africa's rocky steep;
 No sculptured stone acclaims the warrior dead,
 No verdant mound reveals his lowly bed.
 Yet Britons mourn thy loss, O warrior brave!
 Though buried in a soldier's nameless grave;
 Thy deeds our hearts have won; thy honored name
 Shall live on England's matchless scroll of fame.
 WM. NETTLETON,
 Huddersfield, England.

Puny and Delicate Infants Made Strong and Hearty When Fed On LACTATED FOOD

The loving mothers of our country consider it a duty to say something in favor of the food that has proved a source of life to their little ones. A lady in New Brunswick writes as follows: "When my baby was born last year it weighed only four and a half pounds, and did not increase much in weight up to its second month. I was advised to use Lactated Food by a friend, and I am happy to say worked wonders. My girl baby began to grow and increase in weight, and now she is almost sixteen months old and weighs twenty-five pounds. She was not sick an hour after commencing with Lactated Food. I am sure Lactated Food was her great preserver. I wish every mother knew of the good qualities of this infant's food." Your druggist sells it.

THE BEST REMEDY FOR STOMACH AND BOWEL TROUBLES.

"I have been in the drug business for twenty years and have sold most of all the proprietary medicines of any note. Among the entire list I have never found anything equal Chamberlain's Colic, Cholera and Diarrhoea Remedy for all stomach and bowel troubles," says O. W. Wakefield, of Columbus, Ga. "This remedy cured two very cases of cholera morbus in my family and I have recommended and sold hundreds of bottles of it to my customers with entire satisfaction. It affords a quick and sure cure in a pleasant form," says Henderson Bros., Wholesale Agents.

A big oyster bed near Mobile, Ala., has been sold for \$100,000. It is estimated that there are \$100,000 worth of oysters in the bed at this time.

The Officers Elected

At First Meeting of New Board of Directors of the Jubilee Hospital.

C. A. Holland Is President and R. S. Day Vice-President—Other Business.

The first meeting of the new board of directors of the Royal Jubilee hospital was held last night at the board of trade rooms. There was not a great deal of business to transact, the most important being the election of officers for the ensuing term.

H. D. Helmecken stated that, according to rule four of the constitution, at the first meeting of the new board before proceeding to other business a president, vice-president, secretary and treasurer should be appointed.

It is the opinion of the president and vice-president have occupied their positions for two terms to elect others in their places. Mr. Davies nominated C. A. Holland as president. Mr. Holland was appointed to that position unanimously.

R. S. Day was nominated and elected vice-president. Thos. Sholtz and F. Elworthy were re-elected treasurer and secretary.

The minutes of the former meeting were then read and communications taken up. A communication was read from Albert P. Griffiths, who wrote expressing the greatest satisfaction at the manner in which his wife had been treated while an occupant of the hospital.

Mr. Davies said that he was aware the letter was to be written. Mr. Griffiths had spoken to him about it, and had said that he noticed if anybody had anything against the hospital they were sure to let the board know, and therefore he decided to acquaint the board of his wife's satisfaction of the treatment received while a patient of the hospital. The communication was acknowledged with thanks.

Miss G. Gordon, one of the nurses of the hospital, was making for a month's holiday. Considerable discussion ensued on the reading of this communication. It was finally decided, on motion of R. S. Day, that she be given the customary holiday, two weeks, and provide a substitute for any further time.

H. D. Helmecken moved that the present staff remain in their positions. This was passed unanimously.

The present auditor, A. G. McGregor, was reappointed at the same salary as formerly.

The question of supplying the doctor's residence with a separate telephone system was brought up by A. Wilson. After a great deal of discussion a motion was introduced by Mr. Davies, and seconded by H. D. Helmecken, putting the matter in the hands of the house committee, with full power to act.

It was pointed out that the electric light bill for the hospital had been excessive during the past two months. It was decided that Mr. Gordon should be seen in regard to the matter.

H. D. Helmecken moved, seconded by A. Wilson, that all registered medical practitioners in Victoria be appointed members of the visiting committee of the hospital. It was moved and carried that before the list be sent over it be referred to a sub-committee consisting of Messrs. Gordon and Day.

H. M. Graham then moved, seconded by Mr. Day, a hearty vote of thanks to the retiring president. The motion was carried unanimously.

H. D. Helmecken thanked the board in closing terms. He stated that the labor he had expended in the interests of the hospital was one of love, and he would always do everything in his power to aid the present chairman in his duty. The meeting then adjourned.

THE NEW OXYGEN TREATMENT.

Maybe you read the other day an account of an "Oxygen Hospital" and the manner in which scientific men are applying this element to the cure of disease. Medical men are beginning to understand that we can do a lot of things with oxygen besides breathe it.

Powley's Liquefied Oxygen is demonstrating every day the many different applications oxygen can be made use of in relieving disease. In treating dysentery, catarrh and other summer ailments Powley's Liquefied Oxygen is invaluable. It can be made a most refreshing beverage, and it prevents other and more serious disorders by keeping the system healthy.

The demand for this treatment was so great this last year that additional space had to be obtained at the laboratories in Toronto for the installation of larger plant for its manufacture.

Personal.

L. Beckett, superintendent of the York County Loan & Savings Co., of Toronto, and formerly of Vancouver, who succeeds Mr. Broadhurst, has taken up his residence on San Juan avenue, where his office will be located for the present.

G. B. Dodwell, of London, England, and F. Dodwell, Tacoma, of Dodwell & Co., are in the city, guests at the Grand Hotel.

S. Moore, a school teacher of Chelmsford, is spending a vacation in the city. He is a guest at the Belmont hotel.

Lieut.-Col. Hood, of Montreal, is spending a few days in the city. He is a guest at the Grand Hotel.

C. W. D. Clifford, M. P. P., and Mrs. and Miss Clifford, returned from the South yesterday.

A. W. Smith, M. P. P. for Lillooet, arrived from the Mainland last night.

Chas. Wurto, of the C. N. railway, returned yesterday from the South.

The estate of the late Senator Villeneuve, which amounts to \$500,000, is bequeathed to his grandchildren—20 years hence. Charitable legacies payable under terms of the will are: \$25,000 to Laval University to aid in the construction and furnishing of a building for a polytechnic school, provided that such of his grandsons as may adopt the career of civil engineers shall receive their training free; \$25,000 to the Little Sisters of the Poor; \$5,000 to Notre Dame hospital; \$5,000 to St. Vincent De Paul Society; \$10,000 for the erection of a monument in Cote Des Neiges cemetery.

Are You Fit

To Be Trusted With a Good Set of BRAINS?

GRAPE-NUTS

Keep Them in Order.

A BRAIN FOOD AND REPAIRER.

Every minister, lawyer, journalist, physician, author or business man is forced under pressure of modern conditions to the active and sometimes over-active use of the brain. Analysis of the excreta thrown out by the pores shows that brain work breaks down the phosphate of potash, separating it from its heavier companion, albumen, and plain common sense teaches that this elemental principle must be introduced into the body anew each day, if we would replace the loss and rebuild the brain tissue.

We know that the phosphate of potash, as presented in certain field grains, has an affinity for albumen and that is the only way gray matter in the brain can be built. It will not answer to take the crude phosphate of potash of the drug shop, for nature rejects it. The elemental mineral must be presented through food directly from Nature's laboratory.

These facts have been made use of in the manufacture of Grape-Nuts, and any brain worker can prove the value of the proper selection of food by making free use of Grape-Nuts for ten days or two weeks. Sold by grocers everywhere (and in immense quantities). Manufactured by the Postum Cereal Co., Ltd., Battle Creek, Michigan.

Indians Are Obstinate

Refuse to Accept Terms of Sealers and Number of Vessels Returning.

U. S. Cutter Arrives With Distinguished Party Aboard—The Braemar Arrives.

Conditions between the Victoria Sealing Company and the Indians along the West Coast of the island are narrowing down to an acute point. The natives are attempting to hold out for their own terms, as they have done somewhat successfully in the past when there was discussion and jealousy among the sealing captains, but may find their objects defeated before long. They have now to deal with practically one man, the manager of the company, and he is determined not to be bested by them.

Captain Grant returned from the West Coast on the steamer Queen City last evening. He says that he will not give in to the Indians. All were not found to be obstinate in regard to accepting terms, and a number of vessels will get their crews. Other schooners, for which there is no prospect of securing hunters, will return to Victoria, the first of these, the schooner Teresa, having arrived, as stated yesterday afternoon. The Sealing Company are prepared to pay the wages paid in the spring, but will not accede to any advance on this demanded by the natives. The position of the latter must be a perplexing one, and, with the prevailing strike on the Fraser and with no sealing business their means of livelihood will be strained indeed.

The Queen City had been seen as far as Abouett on the coast, and in addition Mrs. McPhee and son, A. Peby, book-keeper at the Clayquot store, who is on his way East; F. Morris, Dr. Service, Mrs. Jacobson, J. E. Sutton and wife, J. B. Pollock, Mrs. Kvarns, F. Gowdy, J. H. Braden, A. G. Steber, A. Wages and Mr. J. H. Hackett, H. E. Newton, Miss Walton, Col. G. H. Hayes, Miss McFarlane and W. M. Braemar.

During the trip an attempt was made to raise the anchor of the Italian ship Cayron, but without success, the lines from the steamer breaking when the weight of the anchor was taken.

HER TROUBLES ENDED.
 After many vicissitudes the repair work to the steamship Garonne is completed at Seattle this week. For the present the Garonne will not go into commission. She will lie at anchor at West Seattle until about the first of September, when it is the purpose of her operators, the Frank Waterhouse Company, to put her in the Nome traffic again.

Last spring the Garonne was advertised for an early Nome sailing. Needed repairs and alterations were commenced and had proceeded but a short time when the machinists' strike was declared. She was towed to Victoria and an effort made to complete the work begun in American waters. This Waterhouse Company announcing the abandonment of the Nome voyage. Some days later another effort was made to have the work performed here, and negotiations, which, however, proved unavailing, were entered into towards this end. After being tied up several weeks the Morans undertook the completion of the repair work now about finished.

Many Nome tickets calling for transportation on the Garonne were sold, and had she been able to make the voyage she would doubtless have had every passenger she could carry, as was the case with all the first sailing Nome steamer. Her first voyage for the season of 1900 was most successful. She took nearly 800 passengers and all of the freight she could carry.

THE COAL MARKET.
 J. W. Harrison's report on the San Francisco coal market for the week ending June 29th is as follows: There have been three arrivals of coal from British Columbia, 12,856 tons; one from Australia, 2,300 tons; total, 32,445 tons. The quantity received this week is equal to our average consumption, hence the amount in the yard at present, not very large, is not being disturbed. The quantity of foreign coal due here the coming month (July) is about 15,000 tons, less than four days' actual consumption; thus it can be

BRAEMAR IN PORT.
 Dodwell & Co.'s steamship Braemar arrived in port at 6 o'clock this morning. She left Yokohama on June 20th, and had an exceptionally fine voyage across the Pacific. Having sailed before the Empress of China, she brings no later news from the Orient than that brought by the ship which arrived on Wednesday. The Braemar, being an enormous freighter, has a large cargo of valuable Oriental merchandise, including consignments of silk and new season's tea. She brought 27 Chinese passengers, twelve of whom landed here. Her only saloon passengers are Mrs. Barker, wife of the captain of the Dowell steamer Clavering, now taking troops to Calcutta, and Miss Barker.

BARK SENATOR'S CONDITION.
 Information comes from Honolulu that the bark Senator, which put into Hilo for repairs, while bound from Puget Sound to Europe, will soon be able to resume her voyage. Divers who went from Honolulu to examine the Senator found that the leak was about five inches long in a seam under the copper below the mainmast. Five feet of water had entered the hold. When the seam had been recalked the leakage stopped.

EX-SENATORS AS VISITORS.
 Looking as spick and span as though they were a leisurely yacht on a leisurely tour, the United States revenue cutter Perry dropped anchor in the bay this morning, having a distinguished party of ex-senators aboard at whose disposal the

clearly seen that fully eighty per cent. of coal at present consumed by us must be drawn from the coast collieries. Singular to say that with about equal to 1,000,000 tons of fuel displaced by the introduction of fuel oil this year, we are yet consuming almost equal to the amount of coal imported up to date of last year. Coal freight from Australia and England are being somewhat reduced, still the high prices for coal that are being maintained at both of these sources will permit of only light shipments. Fuel oil is being freely shipped; low prices still prevail. Protective associations are being formed for the improvement of fuel oil values, but so far with very limited success. Contracts for delivery for two and three years ahead are being freely made, at prices which must certainly leave a particularly small margin of profit to the producer. The present high outgoing rates on grain should enable ship owners to send cargoes here with coal from foreign sources at very low rates of freight. The outlook for the future is that still lower rates will rule.

ship has been placed. In the party are ex-Senator Butler, North Carolina; ex-Senator Dooling, of South Dakota; Senator J. P. Jones, of Nevada; Congressman Sulzer, of New York; H. G. Catlin, of New York; K. M. Catlin, of San Francisco; Mr. Davidson, of Salt Lake City; J. B. Cole, of Atlanta, Iowa, and Roy Jones, of California. The visitors are on their way to Prince of Wales island to inspect the mining operations there in progress. A couple of mining experts are included in their number, who will examine and report on some of the mineral properties of the island. The ship was given over to the party's service by the United States treasury department in recognition of the term of office served for their country by the different members of the company. They will continue their way North this evening, leaving port at about 4 o'clock.

On their arrival they were greatly charmed with Victoria's weather and the city's beautiful situation and surroundings. Few of the party had ever seen Victoria, and their first impressions were decidedly favorable of the place. Mr. Jones was here many years ago, but says that at that time there were no railways on the island, and the corresponding changes since made possess an equal interest to him. While here the party will visit all points of attraction.

DIAMOND DYES
 Conduce to Home Economy.

Were it not for the Diamond Dyes many garments and valuable materials would be thrown away as useless. It is easy to change the color of any garment you wear; your dresses, husband's and boys' suits, blouses, capes, ribbons and leathers can be dyed any fashionable color, saving the cost of new goods. No other dyes are so fast and beautiful. Send your address to The Wells & Richardson Co., Limited, Montreal, and you will receive a copy of the popular Diamond Dye-Cook Book.

CAREER AND CHARACTER OF ABRAHAM LINCOLN.

An address by Joseph Choate, Ambassador to Great Britain, on the career and character of Abraham Lincoln—his early life—his early struggles with the world—his character as developed in the later years of his life and his administration, which placed his name so high on the world's roll of honor and fame, has been published by the Chicago Milwaukee & St. Paul Railway, and may be had by sending six (6) cents in postage to F. A. Miller, General Passenger Agent, Chicago, Ill.

NEW OFFICERS APPOINTED.
 The crew of the steamship Empress of China were paid off yesterday. Their six months' articles having expired. Dr. Lambert, the ship's physician, is resigning to take a practice in Amoy, Japan. He will be succeeded by Dr. A. T. Stearns. He will be succeeded by Dr. A. T. Stearns, of Toronto, W. H. L. Davis, just out from the Old Country, will join the

POLITICAL POSSIBILITIES.

The Vancouver World publishes a rumor to the effect that Mr. Dunsmuir will shortly retire from the position of Premier, and that he will be succeeded by Mr. Turner. There is no great element of improbability about Mr. Dunsmuir retiring, but the report as to his successor discredits the whole story. And yet who would lead if the present combination were broken? The country would not have Mr. Eberts even if the House could be induced to tolerate him for a season. Can it be possible that the eulogium which were pronounced upon the Finance Minister when he announced his retirement have fired his heart with ambition and a desire to once more reign in British Columbia? There is no doubt whatever about his reluctance to depart and be at rest in the heaven and upon the pension which have been considerably provided for him by a grateful people; but the hesitation has been commonly ascribed to a natural desire to pass one more summer in the scenes where his life's work was accomplished. Victoria is a beautiful place at this season, and its charms are enhanced by the accounts one reads of people dying by the hundreds in less favored places from the heat and in their efforts to reduce the temperature in the water, refrigerators and other secluded places. While disposed to make allowances for all these things, we consider it our duty to call Mr. Turner's attention again to the fact that delays are dangerous. There are serious doubts as to the necessity for an Agent-General of British Columbia at all. Inquisitive people are continually inquiring what that official and his staff will do that could not be performed quite as effectively by Lord Starbuck and his assistants. They are employed to look after the interests of Canada, and British Columbia is part of Canada. How many of the other provinces, whose population is as a thousand to one in comparison with ours, support private agents-general? The Australian colonies had representatives in the capital of the Empire, but the Commonwealth will be satisfied with one official and all the other offices will be abolished. There is always a possibility of a revulsion of feeling. The House which established the agency-general of British Columbia might repent at any time and decide that the welfare of the province would not be imperilled if there were no London office.

KRUGER'S LATEST.

Oom Krug and his followers have been seized with another spasm of unreason. They propose to send forth vessels armed with powers from the ex-president of the Transvaal to prey upon British shipping. Apart altogether from the question of the validity of so-called letters of marque signed by the ex-president of a state without sovereign authority and that never possessed respects, the days of piracy are over and the powers even of desperadoes such as advise Kruger are

limited. There is an understanding between the nations that the old barbarous practices will never again be resorted to. The records of privateersmen are a sufficient justification for this, even if there be reason for a suspicion that Great Britain's command of the sea has something to do with the unanimity of condemnation. The Dutch of old were most intrepid mariners, but we doubt very much if there are many of their successors eager to take command of a vessel with the object of preying upon British commerce and attempting to dodge the swift cruisers of the Royal navy, from the destroyers up. Virulent hatred of Britain is chiefly confined to ignorant landmen. Seamen travel, and travel broadens the understanding and removes prejudice. Sailors of all nations have been placed under obligations to the British at various times. There will therefore be no great rush from abroad after lucrative posts on Kruger's private ships. It is safe to set the privateer yarn down as a brilliant work of the imagination of a versatile newspaper man, probably under inspiration from Dr. Leyds.

Whatever view we may take of the conduct of Kruger and his counselors before the war commenced and since it has been in operation, we cannot but admire their pertinacity of purpose. They have been rebuffed repeatedly by their friends, but have always been ready to renew their efforts when they thought the time opportune. They have no regard whatever for the men who are bearing the consequences of the conflict which they provoked, nor for the welfare of the women and children dependent upon them. They persist in urging that the fight shall be maintained and the preservation of lost independence. They have their agents travelling in the United States and some of the states of Europe which do not look so much with favor on their cause as they hate Britain. Looking back over the events of the last few years, we can see now that the Boer states were not so foolishly as they appeared when they ordered their men to advance upon British territory. But for the rising of the Empire en masse to the work of defence there might have been a melancholy story to tell. The slightest exhibition of indifference on the part of Greater Britain and the nations might have advanced the mangled fist instead of the hand of friendship.

EFFECTS OF ORGANIZATION.

The Colonist is alarmed because of the possibility of workmen being kept upon a common level as a result of the modern movement towards what it calls "collectivism." It claims in effect that individuality is being suppressed and that in whatever part of the world the organizer is at work, there the stragglers for daily bread are reduced to dull uniformity. That charge has been made against the unions for a great many years; and it is no truer now than it was decades ago. The strong man rises above his fellow to-day, as he has ever done, in all walks of life. Ask the managers of large enterprises and you will be furnished with plenty of proof of that statement. But even if it were true that ambition is deadened and desire to excel quelled, is the man who makes sacrifices for the sake of his less gifted brother without reward? Neither does the organization of workmen seem to have a blighting effect upon the industries of nations. The countries in which labor is organized, the British Empire and the United States, are at the head of the procession. Does this not prove that the nation in which the standard of comfort is the highest and the luxuries not entirely reserved for a few is making the greatest material progress? So the workman when he combines with his brethren to wrest from those who are organized to keep him down a greater share in the fruits of his labor is really performing a patriotic duty. That is one point of view. Unfortunately for the workingman, his employers and the country generally, the leaders of labor are not always wise, prudent, conservative and judicious men. The demagogue finds a congenial field in the unions and organizations with comprehensive names for the exercise of his reprehensible talents. Unreasonable counsels often prevail and deplorable conflicts are sometimes provoked. But the tendency is ever upward. Although unwise action may result in what seems to be a reversal, the successors of the defeated men reap some benefit from their sacrifices.

But on general principles is unionism an evil? Is it wrong for capitalists to organize themselves into a compact body, draw up scales of prices for the labor they employ and fix uniform rates for the goods they have to sell, with heavy fines and penalties suspended over the heads of any who dare to set aside the decision of the majority, as in the case of the canners of the Fraser river, say? What about the great trusts in the United States and even in Canada? Imperialism is merely more effective national organization; is it therefore to be condemned? The German and Prussian states did not become the most aggressive and powerful in continental Europe until they had been organized and consolidated as the German Empire. Acting independently they would probably have been speedily subdued in the war of 1870; in concert they proved invincible. The British Empire will never realize its might until there is a more tangible union of the different sections than there is at present. Statesmen of foresight perceive this. Notwithstanding the abuse that has been heaped upon Chamberlain, he is the one man

was put so prominently before the people by the Dunsmuir government, and the Oriental question which the government promised to handle so vigorously? We hear nothing about them now. The railways are in all probability laid aside for further use when required, while the Chinese and Japanese come and go about as usual, to the injury of every white laborer in the province. The action of the government in reserving large tracts of land in various portions of the province for two years is no doubt a great wrong, and by the locking up of great stretches of the country, in all probability for the benefit of speculators, is without doubt a very unwise and injurious act, which should be condemned by every honest man in British Columbia. Judging from the growing feeling which prevails here and in nearly every portion of the province, it is evident that the days of the Dunsmuir government are numbered. They have been tried and found wanting in the ability which is necessary to success fully carry on the business of the country, and the spirit of the people is, I have no doubt, that their places should be filled by men who are better qualified to conduct the business of the province as soon as possible, otherwise the country will suffer by allowing them to continue in office.

CITY IMPROVEMENTS.

To the Editor: Noticing a peculiarly worded letter in your issue of last night signed "Enquirer," I cannot allow it to pass without comment, although not authorized by the "powers that be." He wants to know why no more has been made towards carrying out the improvements authorized in the recently passed by-laws. Now, has "Enquirer" never heard the old saw, "Large bodies move slowly"? Give the council time. There are always wheels within wheels in great undertakings of this nature, and these in authority cannot be expected to let every Tom, Dick and Harry know what they are doing. Also he has, apparently not been reading the newspapers lately, as they have stated that one reason for the delay to Government street paying the liability of our up-to-date street railway to get ready for some time, and not our city fathers. Also there have already been some coping stones hauled to Government street, which, although not very pleasant to look at, and a source of nuisance if left there too long, still are an evidence that the council proposes to get the improvements authorized in the recently passed by-laws everything ready to start as soon as the railway is ready. He will also notice several carts busy filling up the James Bay flats any day he looks for them, preparatory to commencing work there on a large scale, and all arrangements are made. As to his very broad hint that the council is "holding off" the improvements to be used as an election cry, I look on this as an insult to the intelligence of the "city fathers," as implying that they are unable in six months to create new issues, and must trust out the old ones which have already seen such good service this last few years. VICTORIA, July 6th, 1901. CITIZEN.

LAW V. PRIVATE VENGEANCE.

Mitsburg Dispatch. All civilization depends on the principle that personal wrongs are to be redressed by public justice. If a man can take his revenge in his own hands for one offence he can do so for another, and society can be plunged back into the customs of savagery. The utter fallacy of this idea could hardly be carried farther than to claim justification for a man who attempted to kill on the mere belief he was injured. Respective of the consideration whether the belief is true or not.

SURGERY FOR ANIMALS.

St. James's Gazette. The animal world has to-day a surgical science quite its own. There are dogs with artificial teeth, pigeons and cows with wooden legs, dogs with glass eyes, and other animals with false hair, false tails, and false limbs of all kinds. There is, indeed, hardly a limit to the possibilities of animal surgery.

ROCKEFELLER'S HUMOR.

New York World. Some of Mr. Rockefeller's humor is exceedingly subtle. Take, for instance, his claim that paying wages is "the best form of giving," when wages are so graduated as to leave 48 per cent. dividends.

limited. There is an understanding between the nations that the old barbarous practices will never again be resorted to. The records of privateersmen are a sufficient justification for this, even if there be reason for a suspicion that Great Britain's command of the sea has something to do with the unanimity of condemnation. The Dutch of old were most intrepid mariners, but we doubt very much if there are many of their successors eager to take command of a vessel with the object of preying upon British commerce and attempting to dodge the swift cruisers of the Royal navy, from the destroyers up. Virulent hatred of Britain is chiefly confined to ignorant landmen. Seamen travel, and travel broadens the understanding and removes prejudice. Sailors of all nations have been placed under obligations to the British at various times. There will therefore be no great rush from abroad after lucrative posts on Kruger's private ships. It is safe to set the privateer yarn down as a brilliant work of the imagination of a versatile newspaper man, probably under inspiration from Dr. Leyds.

SEE WINDOWS.

THE WHEEL

VICTORIAN CLEAN-UP. A Victorian swept all before him in the bicycle races at Port Townsend on July 4th.

LACROSSE

VICTORIA AT VANCOUVER. The Victoria lacrosse team left for Vancouver this morning, where they are playing their second match with the Vancouver Y. M. C. A. team.

SWIMMING

A CLEVER PERFORMANCE. The swimming baths are now in full swing, and lovers of this healthy exercise and pastime are daily to be seen displaying their skill in the water.

YACHTING

Bothsay, July 5.—In a second trial today the cup Challenger fared better. The course was a broad reach down the channel. Starting even, the challenger soon led by four lengths.

RACES AT PORT TOWNSEND

The trim little Dione, Mr. Carr's yacht, returned from Port Townsend yesterday. The international races took place there on July 4th, there being no wind on the 2nd, when the event was scheduled to take place.

VICTORIAN ELECTED PRESIDENT

The annual meeting of the N. Y. A. was held at Port Townsend during the gathering of yachts for the regatta, and Mr. Barnard, of Victoria, was elected president.

LAWN TENNIS

NEARING THE FINALS. The play in the Victoria Lawn Tennis Club tournament is now drawing to a close, and the excitement is consequently on the increase.

Victor, despite his handicaps, on Monday the star game of the tourney will be played at 5 o'clock between R. B. Powell, one 15.3, and B. Schwengers, one 15.1. Both players are in splendid form and a fine fight is anticipated.

To-Day's Fixtures. 2 p. m.—R. Powell vs. S. Patton. 3 o'clock match.—R. B. Powell vs. winner of 3:30 match.

TOURNEY AT SEATTLE. Few tournament games were played on Thursday at the courts of the Seattle Tennis Club, and they were confined to the morning hours.

feet, one to play tennis, a very slight wind blowing, if any, and the courts were in the best of condition from the morning sun.

The only matches of particular note were the ones between Mrs. Howell and Miss Platen and Miss Allen and Miss Young in the ladies' doubles, and Mrs. Howell and Miss Young in the ladies' singles.

The score does not do justice to the game, most games being long drawn out, some reaching three or four times.

The results of the day's games follow: Mrs. Howell defeated Miss Young, 6-2, 6-2.

Mrs. Howell and Miss Platen defeated Misses Allen and Young, 6-2, 6-2.

Newton defeated Carstone, by default. Newton defeated Bobb, 6-0, 6-2.

P. Smith defeated Miller, by default. J. Tyler defeated McDonald, 6-0, 6-2.

Mrs. Hurd defeated Miss Kelly, 6-1, 6-0.

DESCRIPTION OF LEADER'S VICTORY. Healey, July 5.—Theodore Cook, the Oxford sculler, wrote the following dispatch for the Associated Press.

The morning dawned with splendid weather. There was a slight breeze off the bushes, but the wind fell towards noon, and there was very little difference indeed in the stations.

As the Pennsylvanians paddled down to the start, all of them were in huge straw hats. The crowd gave them a rousing reception, and they paddled gaily through the crowd towards Temple Island.

A few minutes after the Leanders came out. The cheering grew louder still, for there was an enormous crowd of excited spectators, everyone of whom

was wearing colors and shouting as Pennsylvanians made still another effort just after the Leander lawn was passed.

Two of the first four oars were nearly finished. They had worked the horses at the impossible task that had beset them of using arms and legs alone against the English bow swing, and now exhausted nature claimed her tribute.

The boat power of their drives. They had done such splendid work during the first half mile that I was not surprised to see the Leander and Allen too spent to respond to the men in front of them.

Crowther, too, seemed terribly distressed, and how did still I cannot understand. The boat rolled a little as if she felt the crew might crack her at any moment.

The stroke began to pull back, and the indomitable Gardner called on his men for the final effort but they could not respond. Humanity would do no more. The Pennsylvanians had never let up for a second since the start.

There had been some of that paddling which helps a crew so much to get its wind, and there was, therefore, no spurt at the finish, as there had been in the first two heats. But no crew could have powered more pluckily or had a fairer trial, and when the Leanders won in 7 minutes and just over 4 seconds the losers were cheered as heartily as the winners.

This must convince Ellis Ward that the best crew in England or America which uses the professional sculling style should change it for the one which gives the men more change. Of course, Dublin will give them (the Pennsylvanians) no trouble whatever, and there are no more worth arguing about than were London and the Thames here a few days ago.

Dr. Wm. White approached me as a prominent member of the Pennsylvania University Athletic Club committee, as to the possibility of the winning English University at the next March boat race, Oxford vs. Cambridge, coming over to race at Poughkeepsie next July, offering to meet the English crew Pennsylvania's guest from the time they reach Philadelphia.

THE DUKE'S VISIT

The Committee on Arrangements Met Last Night and Took Preliminary Steps.

The committee appointed to make arrangements for the reception to be accorded the Duke and Duchess of Cornwall and York met yesterday afternoon in the city hall.

His Honor the Lieut.-Governor, at the invitation of the Mayor, presided, and there was an attendance of His Honor the Lieut.-Governor, Attorney-General Eberts, Senator Macdonald, Senator Templeman, Thomas Earle, M.P., H. D. Helmecken, M.P.P., Richard Hall, M.P.P., A. E. McPhillips, M.P.P., Ald. Kinsman, Ald. Hall, Ald. Brydon, Ald. Williams, Lieut.-Col. Gregory, Noah Shakespeare, George Jeeves, R. L. Drury, C. N. Lugin, T. Hooper, Joseph Peirson, Thomas Donay, A. J. Dallain, Chief Watson, A. B. Fraser, W. N. Price, H. Cuthbert, and the secretary, W. Morphy.

His Honor the Lieut.-Governor made the announcement concerning the visit that the party would arrive on October 1st and leave on the 3rd.

A discussion as to the character of the programme took place. Various features were proposed, but it was pointed out that too much could not be expected to be crowded into the short visit.

In addition to the opening of the exhibition, suggestions were made that there might be a naval and military review, a school children's parade, presentation of medals to South African veterans, laying of the corner stone of the addition to the Jubilee hospital, and laying of corner stone of James Bay causeway.

It was decided to hold a school children's review, and in order to get a programme upon which to base the final arrangements a committee consisting of Sir Henri Joly, Mayor Hayward, and

SCHEDULE OF MATCHES

The Nanaimo Cricket Club has arranged the following schedule of matches: July 19—City eleven vs. Nanaimo Cricket Club.

July 12—City eleven vs. Vancouver, at Brockton Point.

At Nanaimo this afternoon the Collegiate school team of this city, and the Boys' Brigade eleven, of Nanaimo, are held at it, the teams being as follows: Collegiate—D. Kerfoot (capt.), J. W. Nowell, B. Hamilton, H. J. Marshall, Arnytage, A. Janlon, J. Pelyea, A. Kay, Dorrell, Dart, C. Vincent; scorer, Raymond.

Boys' Brigade—Wells, Bate, F. Rowbottom, Shepherd, Frank Teague (capt.), Harrison, Smith, Robinson, Wilson, Kirkman, and Kenny (spare man).

July 19—Nanaimo Cricket Club vs. Barkers. July 20—Nanaimo Cricket Club vs. Victoria.

The City eleven is composed of the following: H. Hilton, S. Wilson, J. Teague, A. P. Kilson, J. D. Quine, W. T. Heddie, Beever Potts, W. Harvey, F. Teague, Geo. Parks, Mr. Scrimshaw, F. Rowbottom.

MATCH AT NANAIMO. At Nanaimo this afternoon the Collegiate school team of this city, and the Boys' Brigade eleven, of Nanaimo, are held at it, the teams being as follows:

Collegiate—D. Kerfoot (capt.), J. W. Nowell, B. Hamilton, H. J. Marshall, Arnytage, A. Janlon, J. Pelyea, A. Kay, Dorrell, Dart, C. Vincent; scorer, Raymond.

Boys' Brigade—Wells, Bate, F. Rowbottom, Shepherd, Frank Teague (capt.), Harrison, Smith, Robinson, Wilson, Kirkman, and Kenny (spare man).

CHAMPION JUNIOR FOOTBALL TEAM

The above is a cut of the South Park School Association Football team which won the Junior League cup last season, and is therefore the champion junior team of British Columbia.

The honor of holding the championship has never before fallen to the lot of any school team, the Boys' Brigade having won the coveted cup for two consecutive years.

The South Park School team made a record score last year, obtaining 14 points out of a possible 16. The names of those in the picture from left to right are—E. Collins, Miss A. D. Cameron (principal of the South Park School), J. Fawcett, W. Laing; second row—W. McAfee, T. Peden, —Finnison (captain), R. Roscamp, W. Scott; third row—R. Fox, —Cutting, J. Thompson, V. Ireland.

Present, as after the Pennsylvanians' two victories the excitement was intense, for the Americans were confident, and though the Leanders had said nothing, their beautiful form, together with suppleness and elasticity, spoke volumes for their determination to win.

Also they did with precisely the result I have invariably predicted ever since I saw them at their first work at Healey. Under Williams was coached with R. Hart, the Pennsylvania manager.

The boats came to the post on the Leander's side, and all the Pennsylvanians seemed happy and comfortable, especially No. 6, G. Sallin, and strokes J. B. Gardner. Capt. Flycker watched the race carefully, but it was worth only a quarter of a length at the post for the first quarter of a mile, and it became a following breeze, but no advantage to either, as soon as the boats were past the post.

The ropes used to hold the boats steady were hardly pulled, but as the Leander's leeward side of the launch and said: "As soon as this puff of wind has passed I will start you. I shall say 'Are you ready?' once, if there is no answer I will say 'Go.'"

The Leander's second stroke was in before Gardner's, and for a short time the pluck oars were a few feet ahead, but the Pennsylvanians soon wiped out that difference, and at the end of the first minute

Summer Travelling. Even those most accustomed to travelling are liable to sick headache or biliousness when being jolted along in stuffy cars these hot days. Abbey's Effervescent Salt will set you right—makes travelling a pleasure.

The Best Chance YOU EVER GOT. Go to the Syrian Store, 97 Douglas Street, and buy what you want in Jewellery, Notions and Dry Goods, at just 50 cents on the dollar.

68-70 YATES STREET.

Provincial News

GREENWOOD.

After a brief illness, J. W. H. Smythe, manager of the local branch of the Canadian Bank of Commerce, succumbed to Bright's disease on Thursday night. Deceased had been connected with the bank of commerce for fourteen years, and his promotion was rapid. He leaves a widow.

TRAIL.

Col. Topping has been elected by acclamation first mayor of this city. There is a contest to-day for seats on the board of aldermen.

Corporal Murphy and Private Hicks, of Strathearn's Horse, have received from the citizens testimonial gifts in token of their patriotic services. In the former case a gold watch has been given, in the latter a gold locket.

NANAIMO.

The manager of the board of Nanaimo Agricultural Society have decided to extend the stock exhibition over the two days of the show, and arrange for the care of the stock over night. The action of the officers in making application to join the Pacific Kennel League is endorsed and the dog show in connection with the exhibition on September 20th and 21st will be held under the rules of the league, so that the winners will be officially recorded.

GRAND FORKS.

There were over four thousand visitors in town on Monday for the Dominion Day celebration. The drilling contest for a purse of \$200, donated by J. P. Graves and A. C. Plummer, proved very interesting. Mike Burns, of Phoenix, and Mike McNeill, of Republic, won first money, \$150. In 15 minutes they drilled 47 1/2 inches in granite. A Rosland team—Caesar Potestio and Jake Wallace—won the second prize with 36 1/2 inches.

NELSON.

A deal has just been concluded here whereby the Imperial Development Syndicate, composed of Nelson people, disposes of a group of claims in the Lardo country for a quarter of a million dollars, to an English company, which owns Ymir and other big properties. On a cash outlay of \$28,000, the deal leaves the vendors a net profit of \$175,000, after bonds and all expenses are paid.

Thomas Henry Atkinson, of Ymir, and Miss Theresa Fahy, who a few weeks ago resigned her position as matron of the Ymir hospital, were married on Dominion Day at the residence of Mrs. Duncan McBeath on Silicia street. The knot was tied by Rev. William Munroe. Mr. and Mrs. Atkinson left on Tuesday morning's train for Ymir.

VANCOUVER.

Dr. Maclean, medical health officer, in his statement for June, submitted at a meeting of the board of health, reports as follows: "An accountant in one of our city banks developed symptoms of scarlet fever on the 27th of May, and a few days later thereafter two children of the manager of the same bank were taken ill with this disease. No other cases in the city were known to which the first patient could likely have been exposed. He spent the 24th of May in a neighboring municipality, returning next day, but on inquiry being made no evidence of sources of infection existing there could be found. The possibility of infected currency being a factor in the case suggested itself. The manager of this bank showed me a bundle of old and much used one-dollar bills, received a day or two before from a neighboring city across the line, where scarlet fever constantly exists, and the cases many. There is no better vehicle for transmitting infectious disease than paper money, and the smaller denominations are possibly the more dangerous. A suggestion from your board that all city banks be provided with formaldehyde generators, for the disinfection of such currency on its receipt and before placing it in circulation, might be well received. The generators are not now expensive. The 40 per cent. solution of formaldehyde (formalin) and an air-tight enclosure are all else that are necessary. Banks and similar institutions would act in their own interests by carrying out this suggestion, and might, by so much, lessen the introduction of infectious diseases into the city."

EVERY HOME NEEDS a remedy that is adapted for use in case of sudden accident or illness. Such a one is Pain-Killer. Avoid substitutes, there's but one Pain-Killer, Perry Davis', 25c and 50c.

Shrubs growing in a poor soil seldom produce bright, high-colored flowers. Generally the application of manure in liberal quantities will improve their color. Iron filings and scales collected about a blacksmith's anvil have a tendency to intensify the color of many plants; if dug into the soil about their roots.—June Ladies' Home Journal.

Baptist Convention

Will Be Held at the Emmanuel Church, in This City, Next Week.

To Occupy Four Days—All Parts of the Province Will Be Represented.

This fifth convention of Baptists of British Columbia will be held at the Emmanuel Baptist church, corner of Fernwood road and North Clatham streets, commencing on Tuesday afternoon next at 2 p.m. The convention will occupy four days, concluding Friday night.

Delegates will be in attendance from all parts of the province, and the proceedings will be of a most interesting character. The programme follows:

Tuesday, July 9th.
2:00 p.m.—Meeting of mission board.
4:00 p.m.—Meeting of future policy committee.
7:30 p.m.—Devotional, Pastor I. W. Williamson.
8:00 p.m.—President's address, Wm. Marchant.
8:15 p.m.—Convention sermon, Pastor A. W. McLeod.
9:00 p.m.—Address of welcome, Pastor J. G. Hastings, M.A.; reply, Pastor D. Hofford. Appointment of reporters, enrollment committee and programme committee.

Wednesday July 10th.
9:00 a.m.—Devotional, Pastor J. Telford.
9:30 a.m.—Report of enrollment committee.
9:45 a.m.—Election of officers; appointment of nominating committee.
10:15 a.m.—Reception of new pastors and visitors.
10:45 a.m.—Report of convention treasurer; report of Japanese board.
2:00 p.m.—Report of mission board; report of the Sunday school, moved by Pastor J. F. Vichert, M.A., seconded by Pastor M. VanSickle; report of treasurer of the board.
3:30 p.m.—Report of future policy committee.
4:15 p.m.—Symposium: "How to extend the mission work of our convention to the Sunday school," moved by Pastor J. G. Hastings, M.A.; (b) By the Lay Preacher, Wm. Marchant; (c) By the Mission Board, Pastor J. F. Vichert, M.A.; (d) By Church Edifice Work, C. S. Stevens.
7:30 p.m.—Devotional, Rev. S. C. Moore.
8:00 p.m.—Report of Sunday school committee.
8:10 p.m.—Training for S. S. Teachers, Mrs. Tempier.
8:30 p.m.—"Evangelistic Work in S. S."

Thursday, July 11th.
9:00 a.m.—Devotional, Mr. Short.
9:30 a.m.—Report of nominating committee; election of boards and standing committees.
10:30 a.m.—Report of education board, Principal A. J. Pineo, B.A.; adoption moved by A. B. McNeill; seconded by Pastor T. Bishop, B.A.
2:30 p.m.—Report of publication board; adoption moved by Pastor B. H. West, seconded by C. S. Stevens.
3:30 p.m.—Devotional, Rev. R. Lennie.
8:00 p.m.—Women's work, synopsis of report; address, "Duty of a Mother to the Church," Mrs. Vichert.
9:00 p.m.—Synopsis of report of Mission Board, Sup't. P. H. McEwen.
9:10 p.m.—Address, Pastor I. G. Matthews, M.A.

Friday, July 12th.
9:00 a.m.—Devotional, Pastor B. H. West.
9:30 a.m.—Report on state of religion. Report on obituaries. Report on time, place and preacher. Resolutions. Unfinished business.
2:30 p.m.—Outing under direction of committee.
7:00 p.m.—Devotional, Pastor Davies.
7:30 p.m.—B. Y. P. U. report, Pastor A. W. McLeod. Symposium: "Training for Service," (a) "In the Sunday School," H. Northcott; (b) "In the Church," Pastor J. G. Hastings, M.A.

A LETTER FROM KIMBERLEY.

KIMBERLEY, Ont., Feb. 5th, 1901.

The T. Milburn Co., Limited, Toronto, Ont.

Dear Sirs,—I write you to tell you what a good thing I have found in DR. FOWLER'S EXTRACT OF WILD STRAWBERRY.

We always kept it on hand in my mother's house, because we found it invaluable for Diarrhea, Dysentery and Summer Complaints of all kinds. Since I have been married we use it in our home, and I can truthfully say that it saved my baby's life when he was nearly dead from Diarrhea.

Yours truly,
MRS. J. L. WEBER.

M. VanSickle; (c) "Among the Unsaved," Pastor I. Williamson.
9:30 p.m.—Address, "The Baptist Position Badly Misunderstood," Pastor Roland Grant, D.D.

PASSENGERS.

Per steamer Charmer from Vancouver—A. G. Thompson, Mrs. Fortier, Mrs. Jones, Mr. Oldershaw, Mr. Hartney, R. B. Sealbrook, D. Roe, G. Robertson, W. Brett, Chas. Dearing and wife, Capt. Elliott, C. J. Holt, R. Jones, J. McDonald, S. Neelands, C. V. Jenkins and wife, Mrs. Grieco, Mrs. P. W. Fee, Dr. Hatton, Mrs. Sandys, Misses Donaldson, Mrs. Donaldson, Mr. Gaithepore, Mrs. Grant, Col. Grant, Mrs. A. Hewitt, Mrs. Case, W. H. Higgins, J. S. Howell, J. C. Jaffray, R. H. Thompson, Geo. Dudley, Jno. Coughlan, C. F. Todd, Capt. J. Gosse, R. J. Kerr, A. W. Smith, Mrs. Baynes and two children, R. D. Munro, H. Johnston, P. H. Harkout, Mrs. Shaw, Mrs. J. R. Ranyon, Mr. Shaw, H. A. Daly, Mrs. McVee, Mr. Kirsling, Mr. Fleming, Mrs. Neelands, K. G. Neelands, Miss Edgward, Mr. Edgward, Mrs. Kelly, Mr. Kelly, L. Kirk, Mrs. Kirk, J. E. Packard, Mrs. Packard.

Per steamer North Pacific from the Sound—F. A. Nooton, J. Armstrong, Miss Russell, E. Walsh, L. Nelson, Miss Booth, Mr. Penrith, H. King, Geo. Schomacher, Mrs. New-

bottom, Mrs. Zimmerman, F. G. Gillette, Mrs. Gillette, G. Hirsch, Mrs. Hirsch, Master Hirsch, Mrs. Lovendus, Jos. Hays, Miss Hays, Chas. McDonald, Wm. Nell, Mrs. Nell, J. Elliott, J. W. McKenzie, Chas. Moore, Capt. Jenkins, Thos. S. Stoddard, Mrs. Stoddard, A. Loftus, C. Myrtle, L. P. Maloney, J. P. Maloney, H. P. Montgomery, J. P. DeMatos, H. L. Puro, L. P. Halley.

CONSIGNEES.

Per steamer North Pacific from the Sound—R. Porter & Sons, R. C. Market, W. Chadwin, Albion Iron Wks, M. Cuts & Co, T. A. Barlow.

THAT CUTTING ACID that arises from the stomach and almost strangles, is caused by fermentation of the food in the stomach. It is a forerunner of indigestion and dyspepsia. Take one of Dr. Von Staun's Pepsin Tablets immediately after eating, and it will prevent this distress and aid digestion. 60 in a box, 35 cents. Sold by Dean & Hiscock and Hall & Co.—17.

DOAN'S KIDNEY PILLS cure backache, sciatica, watery, cloudy, thick and highly colored urine, diabetes, dropsy and all troubles arising from a weak condition of the kidneys.

VICTORIA LACROSSE TEAM

The accompanying cut represents the Victoria Lacrosse team who have so far this season achieved a very creditable record. They have only been defeated once this season, their colors having been lowered by the redoubtable New Westminster a few weeks ago. They are playing the Vancouver V. M. C. team at Vancouver this afternoon. The above players are: S. Norman, goal; C. Cullin, point; E. Milne, cover point; T. Spain, Dewar and W. Lorimer, inside home; W. E. Ditchburn, field captain; W. H. Cullin, referee. Among the group are: President H. D. Helmecken, M.P.P.; D. Patterson, treasurer; H. Wilson, an ardent votary; and player and trainer Deasy. The little fellow in the front is one of the coming stars.

CALVARY BAPTIST CHURCH.

Gratifying Reports Received at Annual Meeting of the Congregation.

On Thursday evening the annual meeting of the Calvary Baptist church was held. The various reports were of a very gratifying character.

The financial report, which was received, showed an improved condition respecting the finances. It has been found unnecessary to make personal appeals to the congregation as frequently as formerly. The summary of the business for the year showed a total of receipts and expenditure amounting to \$3,750. The missionary contribution amounted to \$620 for the year. The membership has increased 26 during the year, and the church has now a total of 265 members.

The following officers were elected for the year: Deacons, Mrs. Helen Grant, and Messrs. D. G. Walker, C. R. King, Reid, A. J. Clyde, A. B. McNeill and A. Stewart; clerk, Miss Walker; financial secretary, Mrs. Reid; evangelist, C. R. King; treasurer, A. B. McNeill; financial committee, Messrs. Reid, C. R. King, A. B. McNeill, H. Northcott and C. L. Brown.

The report from the Sunday school showed that excellent work was being done. The attendance was good, showing an enrollment of 221 during the year. The following were elected superintendents of the Sunday school for the ensuing year: A. B. McNeill, W. Russell and J. Cassie.

EYES AND NOSE RAN WATER.

C. G. Brewer, of Brewer, Maine, says: "I have had Catarrh for several years. Water would run from my eyes and nose for days at a time. About four months ago I was induced to try Dr. Agnew's Catarrhal Powder, and since using the wonderful remedy I have not had an attack. It relieves in ten minutes." 25 cents. Sold by Dean & Hiscock and Hall & Co.—17.

TEACHERS' EXAMINATIONS.

The Papers Upon Education and English Grammar Expected to Be Placing Ones.

The examinations for teachers' certificates have been in progress in the South Ward school since Wednesday morning. The candidates are under the watchful eye of the principals of the North Ward and the South Park schools, A. B. McNeill and Miss Cameron.

The third class candidates finished their examination yesterday morning. The second class finished this morning. On Monday morning the second class will have completed their examination, while on Tuesday afternoon the first class candidates will be through with their ordeal.

So far in the examination the papers on Education and English Grammar are looked upon as the plucking ones. It is believed that more of the candidates will fall upon these subjects than on any other subjects upon which they have yet been examined.

A. Robbison, M. A., superintendent of education, and J. Church, M. A., of Victoria College, compose the board of examiners, and have commenced upon their duties.

Dr. John W. Hoffman, professor of agriculture in the Florida State Industrial College, is one of the most noted negro scientists in the world. He has just been elected a member of the Massachusetts Horticultural Society and also belongs to the Royal Agricultural Society of England and many similar organizations.

DOCTORS BAFFLED

BY THE CASE OF MRS. HARRISON, OF ORANGEVILLE.

She Was Completely Run Down—Packed With Pains in the Back, Head and Limbs—Again Rejoicing in Good Health.

From the Sun, Orangeville, Ont.

Many cases are constantly being brought to light of persons being cured by that wonderful remedy—Dr. Williams' Pink Pills—after doctors have failed to do any benefit. Among them may be noted the case of Mrs. Benjamin Harrison, a well known lady who resides in the near vicinity of Orangeville, Ont. A reporter of the Sun hearing of Mrs. Harrison's wonderful cure called at her home to inquire into the facts of the case. Mrs. Harrison said she was pleased to be able to testify to the great curative powers of these pills. She said: "For some years I have been a constant sufferer. Just what to call my disease I do not know; even the doctors were unable to diagnose it. I was completely run down; I had racking pains in my head, back and limbs. I was unable to secure sound sleep, and on arising in the morning would feel as tired as before going to bed. My stomach was in a bad condition, the least movement caused me to vomit violently. Doctors' treatment failed to be of benefit to me, and I was in a very discouraged state when a friend advised me to try Dr. Williams' Pink Pills. Thinking that they might relieve me a little I procured a supply and began taking them according to directions. From the first I could feel that they were doing me good, and by the time I had taken half a dozen boxes I was free from the ailments that had made my life miserable. It is now several years since I took the pills and not the least sign of my old trouble has since shown itself. I would strongly urge the use of Dr. Williams' Pink Pills for any person who has a weak or run down system, and I am sure they will not fail to be beneficial."

To those who are weak, easily tired, nervous, or whose blood is out of condition, Dr. Williams' Pink Pills come as a blessing, curing when all other medicines fail and restoring those who give them strength. Sold by all druggists or sent by mail, post paid, at 50 cents a box, or six boxes for \$2.50, by addressing the Dr. Williams' Medicine Co., Brockville, Ont.

WHEN RHEUMATISM DOUBLES A MAN UP physical and sufferer alike lose heart and often despair of a cure, but here's the exception. Wm. Pezz, of New Wood, Ont., says: "I was nearly doubled up with rheumatism. I got three bottles of South American Rheumatism Cure and they cured me. It's the quickest acting medicine I ever saw." Sold by Dean & Hiscock and Hall & Co.—17.

PROFESSIONAL COURTESY.

First Doctor—I don't think it absolutely necessary to operate.
Second Doctor—but I told them that it was.
"Oh, well then, as a matter of professional courtesy, I, of course, shall stand by what you said."

E. Wilson

FACTS

The Vancouver customs returns for the fiscal year ending June 30th show an increase of something like \$80,000 over the figures of the former year.

Table with columns: Imports, Duties, Total. Rows for months from July to June.

The total of the other receipts at the customs house for the year was \$384,156.74, which added to the customs receipts make a total revenue of \$955,325.37—very near to one million dollars.

From a monthly return issued by the war office it appears that the following statement represents the casualties in the south African field force reported up to the end of May.

Table with columns: Officers, Men, Total. Rows for Killed in action, Died of wounds, Died of disease, etc.

Deaths in S. Africa. 739 14,974 15,713

Missing and prisoners. Excluding those who have been recovered or have died in captivity.

Total reduction of the military forces through war in South Africa.

Table with columns: Officers, Men, Total. Rows for Missing and prisoners, Invalids sent home, etc.

The difference between the totals in these two tables is accounted for by the fact that the great majority of the men invalided home have recovered and rejoined for duty.

The Metropolitan Museum of Art, New York city, reports that the number of visitors who passed through the turnstile at its entrance during the year 1900 was 571,000.

The State of California has appropriated \$250,000 to purchase and preserve the grove of redwoods near Santa Cruz.

Eulogy From the Coast City

Thos. Duke, Esq., Popular Business Man, Cor. Westminster Ave. and Princes St., States His Cure by Powley's Liquefied Ozone.

The following letter is from your fellow townsman, Thos. Duke, Esq. You know him, maybe. You know that he is a responsible citizen and that when he makes a statement like the following he means every word he writes.

This is his letter: THE CITY GROCERY CO., The Wonderful Cheap Grocers, WHOLESALE AND RETAIL, CORNER WESTMINSTER AVENUE & PRINCESS STREET, Vancouver, B.C., April 12 1901

I have much pleasure in testifying to the wonderful curing powers of your Ozone, and what it has done for me. For three years I have been troubled with Catarrh of the Stomach. I have taken a number of Patent Medicines without receiving any good results.

But taking other medicines which have been recommended to me by friends, I refrained from using any more Ozone, promising my relatives and numerous friends, who were very uneasy about me owing to a cough which troubled me from the commencement of my Stomach Trouble, that if not better when I returned to Vancouver, that I would give Ozone a good trial.

I can safely recommend Ozone. Yours very respectfully Thos Duke

Powley's Liquefied Ozone is Oxygen in stable form. The principle in everything that is building and health-giving is oxygen. The good in food is the oxygen that is in it.

50c and \$1.00 at all Druggists. THE OZONE CO., of Toronto, Limited, Toronto, Can. THE LIQUIFIED OZONE CO., Chicago, U. S. A.

Pole Tender.

Tenders for supplying and delivering 2,800 Telephone poles, more or less, will be received up to the 15th instant by the undersigned.

Poles to be of good, sound and well-shaped cedar wood, thirty feet long, and not less than seven inches in diameter at the small end; all bark and knots to be neatly trimmed off to within five feet of the butt.

Poles to be delivered at the stakes along the wagon road between Esquimalt and Nanaimo.

All poles to be subject to inspection by an Agent of the Telephone Company. Tenders are also invited for roofing, gaining, putting on cross-arms and erecting the above poles.

H. W. KENT, General Superintendent, Vancouver, B. C.

RESERVE. Notice is hereby given that all the unappropriated Crown lands situated within the boundaries of the following areas are hereby reserved from pre-emption, sale, or other disposition, excepting under the provisions of the mining laws of the Province, for two years from the date hereof, pursuant to the provisions of sub-section (5) of section 41 of the "Land Act," as amended by section 9 of the "Land Act Amendment Act, 1901."

- Area 1.—All the surveyed land on both sides of the river at the head of Wakeman Sound.
Area 2.—Commencing at the west boundary line of the Indian Reserve on Nimpkish river; thence along both sides of the river to the lake, with a width on each side of the river of 40 chains.
Area 3.—Extending from the head of Queen's Reach, Jervis Inlet, ten miles up the river, with a width of one mile on each side of each branch thereof.
Area 4.—Extending from the head of Robson Bight, Johnson Strait, three miles up the river, with a width on each side of half a mile.
Area 5.—Extending for five miles up Adam's river, Johnson Strait, from the mouth, with a width on each side of one mile.
Area 6.—Extending from the junction of Putebay or White river with Salmon river for a distance of ten miles up said White river, with a width on each side thereof of one mile.
Area 7.—Commencing at a point where the 51st parallel intersects with the Coast Line of British Columbia; thence east on said parallel to a point north of Embley Lagoon; thence south to said lagoon, thence south and west following the changed boundary between the Indian and Pandora Head, thence north to the Queen's Charlotte Sound; thence northwest to the point of beginning.
Area 8.—Malcolm Island.
Area 9.—Gifford Island.
Area 10.—Commencing at the head of Pitt Lake; thence up the river to the mouth of said lake for a distance of five miles, having a width of half a mile on each side of said river.
W. S. GOBLE, Deputy Commissioner of Lands & Works, Lands and Works Department, Victoria, B. C., 6th June, 1901.

RESERVE. Notice is hereby given that all the unappropriated Crown lands situated within the boundaries of the following areas are hereby reserved from pre-emption, sale, or other disposition, excepting under the provisions of the mining laws of the Province, for two years from the date hereof, pursuant to the provisions of sub-section (5) of section 41 of the "Land Act," as amended by section 9 of the "Land Act Amendment Act, 1901."

- Area 1.—All the surveyed land on both sides of Kingcome River, and the land surveyed between Kingcome Inlet and Bond Sound.
Area 2.—Commencing at the northeast corner of Lot 1; thence following up the river, at the head of the Queen's Sound, and its branches, a distance of ten miles, and having a width on each side thereof of one-half mile.
Area 3.—Commencing at the northern boundary of Lots 45, 55 and 56, on the Klondike River, thence north to the said river and its branches five miles, and having a width on each side of one-half mile, including all surveyed lands.
Area 4.—Commencing on Wakeman Sound at the southwest corner of Lot 61; thence west on the 51st parallel to a point north of Embley Lagoon; thence south to said lagoon; thence southwesterly following the passage between Klondike Island and Pandora Head to Mills Passage; thence to Queen Charlotte Sound; thence southwesterly along the shore line of Noel Channel, and easterly along the centre of Five Sound to Village Point; thence northwesterly to the north of Trinity Island to the mouth of Kingcome Inlet; thence north along the west shore of Wakeman Sound to the point of commencement.
Area 5.—Consisting of Harbledown and Turner Islands.
W. S. GOBLE, Deputy Commissioner of Lands & Works, Lands and Works Department, Victoria, B. C., 22nd June, 1901.

IN THE SUPREME COURT OF BRITISH COLUMBIA. In the Matter of Lots 942, 943 and 944 Victoria City, and in the Matter of the Quitting Titles Act.

Notice is hereby given that application is being made by J. H. Whitford for the declaration under the Quitting Titles Act that he is the legal and beneficial owner in fee simple in possession of the above lots free from encumbrances, save and subject as in Section 25 of said Act mentioned, and that the said Honorable Court being of opinion that he is entitled to such declaration the same will be issued to him if no adverse claim to his title to said land is filed pursuant to said Act before the 1st day of August, 1901. Dated the 13th day of June, 1901. J. H. WILSON & CO., Solicitors for the Applicant.

NOTICE. All mineral rights reserved by the Esquimalt & Nanaimo Railway Company within that tract of land bounded on the south by the south boundary of Comox District, on the East by the Straits of Georgia, on the north by the 50th parallel, and on the west by the boundary of the B. & N. Railway Land Grant. LEONARD H. SOLLY, Land Commissioner.
